

Your event at Quartier Zukunft

Quartier Zukunft

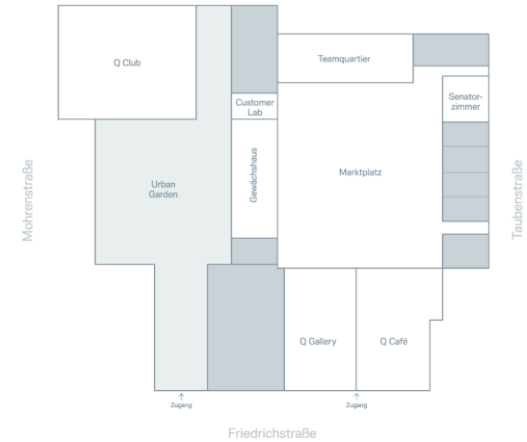

The future is open, but not uncertain - we have created Quartier Zukunft for you as a space of creation, formation and growth. As a place that offers you the ideal setting for your event, conditions full of zest for action, towards what lies ahead of you.

As a reliable partner on the road to the future, our concept is based on the dimensions inspiration, coaching, innovation and community.

Click [here](#) to see how the four dimensions shape us practically with regard to the programme on offer, way of thinking, architecture and atmosphere.

Even better, you can come and see us yourself: There is always something new and inspiring in our Q Gallery. Here we present exhibitions, following the trends of our time or give room to surprising products in the form of Pop-up stores.

Marktplatz

The central Marktplatz is the heart, the hub of Quartier Zukunft. In the middle of this open, unseparated area, no goods will be traded, but ideas, strategies and innovations will be exchanged and examined together. For your event, the Marktplatz can be individually designed and used.

Projector, Screen – Workshop etc.

rental furniture may be necessary

Senator

The Senator is a classic meeting room with fixed seating. It is suitable for management meetings, negotiations and conversations in a confidential circle. If you do not want to waive the atmosphere of Quartier Zukunft despite the classic occasion, the Senator is the right choice for your purposes.

You decide for yourself how much transparency you want: The dimmable smart glass in the floor-deep window to the market place changes its light transmission at the touch of a button.

You want your event to take place at our location? These facts are worth knowing.

Parking and logistics:

Parking is available in the public underground garage of the Friedrichstadt-Passagen under Quartier 205 (access via Charlottenstrasse).

Deliveries can be made conveniently via Mohrenstrasse and Taubenstrasse (access via Glinkastraße).

If necessary, you can request a **no-stopping zone** on the surrounding streets from the public order office.

Technical equipment:

You can use the Quartiers **Wifi** free of charge (100 megabit connection). We are not liable for the stability.

You would like a **technical planning**? Please ask us.

Do you need **additional media equipment and support**? Please contact us.

Special permits are required if:

You wish to use the **Urban Garden** in the evening.

You plan to **take photos or film**.

Organization:

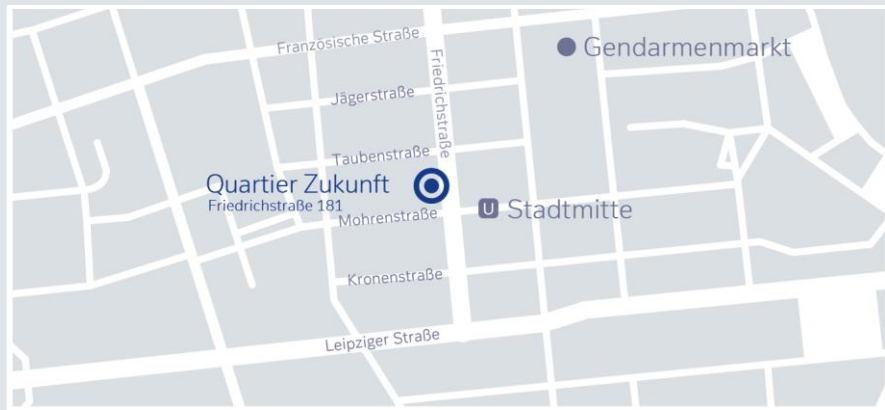

You are welcome to use the Customer Lab in Quartier Zukunft as **back office**.

You have invited **public figures**? Please inform us in advance.

Please coordinate **furnishings and decorative elements** with us.

We are happy to accompany your plans and events.

Your contact person

Please contact us for further information. We will be happy to make you an individual and non-binding offer and arrange a personal appointment to view.
